Subject: Approval of Treatment Plan, C.S. Mining LLC, Hidden Treasure Mine, M/001/0067, Beaver County, Utah

Dear Mr. McMullin:

The Division of Oil, Gas and Mining approves the treatment plan for cultural resource site 43BE3284 (the historic Sunrise Mine) received by e mail May 18, 2015, upon the condition that the draft report be sent to the Division for its input prior to final submittal. No excavation is planned under this approval, and so no additional permit from the Public Lands Policy Coordination Office is needed.

The plan includes preparation of a report and a video on the region's cultural history. Upon completion, please provide a copy of the report on archival paper that can be forwarded to the Division of State History. Please also forward a copy of the video on the appropriate type of Digital Video Disc when it becomes available.

The Division appreciates your cooperation and patience through this process.

Sincerely,

Paul Baker
Minerals Program Manager
